Community Waterfront Campus Venue Rental Information

Enjoy your next celebration on the beautiful shores of Lake Champlain!

About Us

The Community Sailing Center, founded in 1994, is a lively hub on the shores of Lake Champlain, less than a mile from downtown Burlington, VT, where community members and visitors gather to laugh, learn, and play on the lake together. The CSC is a place for the community to connect with the lake and each other, where sailing and paddling are tools that enrich people's lives, teach valuable life lessons, offer a unique educational experience, and instill a sense of ownership in one of Vermont's most valuable natural resources - Lake Champlain.

The CSC opened its new facility in 2018. This beautiful building is available to the community to rent for gatherings and events. Come celebrate your special occasion in this purpose-built, Net Zero building and support our mission to provide lake access, recreation, and education for all.
